National Intelligence Council

MEMORANDUM FOR: All NIOs

SUBJECT : Secretarial Support

For the next several weeks the NIC will be especially short on secretaries and will not be able to provide everyone with full secretarial support. Of necessity we will have to call on the secretaries available to help us fill the priority voids where possible, which will include moving some secretaries around temporarily. Would appreciate the cooperation of all concerned in aiding us get through this tight period. The situation will improve in a few weeks as we get back closer to full strength. Many thanks.
